Report of Superintendent of Schools

To the Citizens of Northwood:

The work of our schools is proceeding in an orderly and efficient manner. This is largely due to the effective efforts of the teachers. The fact that there were no changes in the teaching staff this year is a source of satisfaction. All of our teachers now hold state certificates.

CHARACTER TRAINING

Much emphasis has recently been placed upon character education. Commissioner Butterfield has inserted a chapter on the subject in the 1925-26 Report of the State Board of Education. In this report, attention is directed to the fact that it is well understood that character is developed in children more satisfactorily by the conscious or unconscious imitation of parents, pastors, teachers and associates than in any other way. Our laws recognized this from the beginning and declared that the schoolmasters and schoolmistresses must be of good character. This is the qualification not specifically named as an essential for town or school district officers.

We believe that the high character of New Hampshire pupils in no small degree is due to the character of the teachers employed in New Hampshire. In our schools, there is an increasing amount of attention given to formal outlines and definite instruction in civic and personal virtues. New outlines have been produced and are now available for the use of the teachers in New Hampshire.

REPAIRS

In 1925 the Narrows building was painted and the Ridge building shingled. In 1926 the Ridge building was painted. In 1927 the Mountain building should be painted and the new playground at the Ridge should be leveled and made available for the use of the pupils.

HARVEY LAKE WOMAN'S CLUB

For the fourth time in my annual reports I am paying tribute to this organization for their continued interest in and activity on behalf of our schools. During the past year they have caused to be erected playground swings on the Ridge and Narrow school grounds. The appreciation of the pupils is evidenced by the continued use made of the swings.

At Coe's Academy a new drop curtain for the stage was presented by the Woman's Club.

TARDINESS AND ATTENDANCE RECORDS

In my last annual report attention was called to our low attendance record, and the large number of tardinesses. Again this record needs to be brought to mind. During the year 1925-26 the per cent. of attendance in Northwood elementary schools was 90.76 while the average for the whole state was 94.24.

In Northwood we averaged nearly 3 tardinesses per pupil for the year, while the average for the state was 1.22. That this laxness becomes a habit is reflected in the records of Coe's Academy, which school has next to the poorest tardiness record in the state. The parents and guardians are largely responsible for the low tardiness record. They should see that pupils leave home early enough to arrive at school on time.

There is no legitimate reason why Northwood pupils should continue to make such low attendance and tardiness records.

THE BUDGET

The chief item of increased expense in the budget submitted by the School Board is for academy tuition. This is due to the increased rate of tuition and to a larger registration of Northwood pupils at Coe's Academy.

Of the eighteen pupils who finished the work of the eighth grade last June, fifteen entered Coe's Academy in the fall. Next June there will be over twenty in our eighth grade class, most of whom will attend the Academy next fall. We are glad to have an increasing number avail themselves of the opportunity to get high school training. The cost for tuition is far less than the cost would be of maintaining a public high school.

Respectfully submitted,

CLARENCE C. SANBORN,

Superintendent.
